## FEATURES

### Specifications

Name: Cat 320 Cl Used Excavator Digger

Power: 110kw 2000rpm

Maximum Walking Speed: 0 - 5.7km/h

Overall Width: 2800mm

Highlight:

Used Caterpillar Mini Excavator 110kw,  
Cat 320 Used Excavating Equipment

Working Weight: 19800kg

Bucket Capacity: 0.93m³

Overall Length: 9570mm

Overall Height: 2950mm

## PRODUCT DESCRIPTION

### Used CAT Crawler Excavator Digger: Durability - Focused Features

The Used CAT Crawler Excavator Digger is known for its durability and efficiency. With a 20 - Ton operating weight and 19800 KG machine weight, it's a stable and strong machine. Its 0.93m³ bucket capacity and 110KW Cat® C4.4 engine running at 2000rpm ensure efficient operation. Equipped with branded hydraulic components and core parts, it's in excellent condition and comes with inspection reports for quality assurance.

<b>Project</b>	Cat 320
Working weight	19800kg
Power	110/kw 2000/rpm
Bucket capacity	0.93m³
Maximum walking speed	0 - 5.7km/h
overall length	9570mm
overall width	2800mm
overall height	2950mm
Maximum digging radius	9580mm
Maximum digging depth	6430mm
Maximum digging height	9290mm
Maximum unloading height	6450mm
Maximum vertical excavation depth	5510mm
Maximum excavation radius at ground level	9580mm
Engine Name	Cat® C4.4
Engine displacement	4.4L

#### Efficient and Fuel - Conscious Operation

This excavator offers efficient operation while being fuel - conscious. The advanced CAT engine reduces fuel use without sacrificing power, and the refined hydraulic system allows for smooth and precise movements, increasing overall efficiency on the job site.

#### Built to Endure Harsh Conditions

Built with extreme durability in mind, the excavator has reinforced steel tracks and heavy - gauge booms. It can operate in harsh and challenging environments, such as rocky mountains or muddy fields, without showing signs of wear and tear easily, ensuring long - term use.

#### Smart Monitoring for Proactive Care

The smart monitoring system in the excavator helps in proactive maintenance. It can detect potential problems early and alert the operator, allowing for timely repairs. This not only extends the life of the machine but also reduces unexpected breakdowns and maintenance costs.

#### Diverse Application Scenarios

In construction, it's suitable for various projects, from building houses to constructing roads and factories. In mining, it can handle the tough job of rock excavation and ore loading. In agriculture, it aids in improving water conservancy and reclaiming farmland. In landscaping, it can shape the terrain and in demolition, it quickly clears old structures, making it a versatile machine for different applications.

#### Support and Services

- **Troubleshooting and diagnosis:** Handle any technical issues with professional diagnosis and solutions.
- **Repair and maintenance:** Provide regular and on - demand services to ensure your excavator runs smoothly.
- **Parts and component replacement:** Replace damaged or worn - out parts promptly with high - quality components.
- **Equipment inspections and evaluations:** Conduct thorough inspections to accurately assess the condition of your excavator.

#### FAQ

##### Q1: How do you ensure the performance of used excavators?

A:Our experienced team conducts thorough inspections and performance tests on each used excavator to ensure it meets our high - performance standards.

##### Q2: What's the delivery time?

A:Delivery is within 7-12 working days after receiving the advance payment. We prioritize quick delivery to support your project timelines.

##### Q3: Can the price be negotiated for large orders?

A:Yes,we are open to price negotiations for large orders.The more you order,the more favorable the pricing we can offer based on your specific requirements.
